DETAILED ACTION

This is a Notice of Allowance for Application no. 10/720,783 in response to the amendment filed on October 1, 2007.

Allowable Subject Matter

Claims 1, 8, 10-15 and 18-31 are allowed.

The following is an examiner's statement of reasons for allowance: After a further search and a thorough examination of the present application and in light of the Applicant's arguments and in light of the prior art made of record, claims 1, 8, 10-15, and 18-31 are found to be in condition for allowance.

The claims are allowable over the prior art of record since the cited reference taken individually or in combination fails to particularly disclose an apparatus and method of generating overlay images wherein said one or more overlay images comprise at least one image selected from the group consisting of the images stated in the independent claims 1, 22 and 23.

The closest prior art (US Patent 6,948, 127 to Zhu et al.) discloses a similar apparatus and method for analyzing video. However, Zhu fails to particularly teach or suggest the image selected from the group consisting of the images stated in the independent claims 1, 22 and 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
